**ABOUT IMEXHS**

ImExHS Limited [ASX: IME] is a leading imaging Software as a Service (SaaS) and ancillary service provider in Latin America. Founded in 2012, ImExHS is known for its innovation in the Latin American imaging services market, offering flexible and scalable imaging solutions via its Hiruko branded suite of solutions for next generation Picture Archiving and Communications System (PACS) and integrated Radiology Imaging System (RIS). The Hiruko system is completely cloud based, vendor neutral and zero footprint with no need for installed software. Enhanced features such as a fully web-based voice recognition option and a zero footprint DICOM viewer are some of its advanced features. In addition to PACS and RIS, imaging technology and management systems can be provided on a Platform as a Service (PaaS) basis when packaged with equipment. The ImExHS products are designed to increase productivity and save money for the users, with a scalable platform that is configured for the future, while enhancing patient outcomes.
