IMEXHS Limited (ASX: IME) ("IMEXHS" or "the Company") today announced it has signed a global partnership agreement with Vital Images, Inc. ("Vital") for its advanced visualisation software, Vitrea®. Vital is a wholly owned subsidiary of Canon Medical Systems Corporation.

US-based Vital is a leader in healthcare imaging and one of the most recognised medical imaging post-processing companies in the market. Vital provides its imaging solutions to several top hospitals around the world.

Vitrea® is a multi-modality advanced visualisation system which enhances diagnostics through its advanced clinical tools.
